| Materials Kit: | \$20.00 (Payable to Instructor) |
| Max Students: | 12 students per session |
| Dates/Times: | July 24, 2010 - 1:00 p.m. – 4:00 p.m. (subject to change) |

Description:

We will look at many different gems and rocks, in rough and cut forms (specimens, cabs, facet, beads), using a microscope and handheld loupes.

We will discuss qualities, color, and hardness. Appropriate use of different materials.

Please feel free to bring any all items you would like to look at under a microscope or have identified.

Kits will be available for those who need them and will include a set of stone tweezers and a 10X loupe (\$20.00 fee).

Bring your own if you have them. An Optivisor would be great, too.

* Payment must be postmarked by June 9th to guarantee your seat.
Seats will NOT BE HELD for any reason.
