Date: 02/27/2010, 11:30 – 2:30 PM
Location: Presbyterian Church Rm 407

Date: 03/06/2010, 1:30 – 4:30 PM
Location: The Beaded Iris

A new member, Charlotte Souter, wore a lovely crystal necklace to a meeting soon after joining and I went crazy for it. I don't even like crystals, but loved the suppleness and the look of snake skin of this design and ask her if she could teach it to us. She agreed to teach it in a bracelet form. Now we can all provide a Bead Society Stimulus to the Swarovski Company.

Student Supply List for students to bring to the workshop:

- 147 Swarovski 4mm bicone crystals, or similar bicone stones
- 1 tube each of 11 and 15 seed beads to match or coordinate with bicones
- Size 8 Fireline
- Needle
- Bead Heaven (thread conditioner) Optional

Note: I use approximately 450 bicones to make an 18" necklace.
